ANNUAL LOCAL CHURCH FAIR INTERESTING AND ATTRACTIVE TO MANY

Bingo Tables Gave Blankets and Spreads—Novelty Table Gifts, from a Penny Article to a Goat Goes Over Big—Various Booths and Names of Lucky Recipients of Big Awards.

The Mid Summer Fair for the benefit of the Catholic Church, held on Saturday, July 22nd and Sunday, July 23rd, and because of the down-pour of rain on Sunday, the 23rd was repeated on Sunday, July 30, starting at 5 o'clock in the afternoon and lasting until midnight. A great number of persons visited the grounds of St. Stanislaus College where the fair was held and patronized the different booths, many enjoying sandwiches and cold drinks, and the delicious home-made candy sold at the candy booths.

Possibly the greatest attraction was provided by the bingo tables where beautiful blankets and spreads and table cloths of various colors and designs were sold. A great number of persons wanted one of these beautiful gifts.

At the novelty table one could have from a penny article to the greatest delight of a boy's heart—a small goat!

On last Sunday night, the beautiful quilt-spread made by the Misses Sport was awarded to Mrs. M. Forwood. The twenty-dollar bill was awarded to Miss Angeline Bourgeois, daughter of Mr. and Mrs. Randolph Bourgeois. The crocheted purse was awarded to Mrs. (Dr.) A. P. Smith and the child's pink crocheted dress was awarded to John Monti, of Carroll avenue. Mrs. Vincent Morreale received the chenille bedspread. The two latter articles were awarded on Sunday, July 30.

The church fair each year is looked forward to by hundreds of persons, and numbers of the summer colony from along the entire coast visit here for this occasion. In fact, the church fair of Our Lady of the Gulf Church has become an institution, dating back from 1847, nearly one hundred years ago.

The booths were built and decorated under the supervision of Alvin Weinberg, Fred Fayard and Carl Marshall, and the electrical work was provided by Tony Benvenuti, and everyone commented on the attractiveness and convenient arrangement of everything.

Father Leo F. Fahey was in direct charge of all arrangements and committees.

The Brothers of the Sacred Heart, assisted by Mr. Foster Commager, were in charge of the various booths.

The grab bag and novelty booth was in charge of the Misses Mary Guagliardo, Josephine Guagliardo and Mesdames John Dauro and Chas. Bouis.

Mrs. Frank Martin, assisted by the Misses Fusch and Vlosca, were highly successful with the candy booth.

Mr. Fred Fayard with his Boy Scouts handled the "nigger babies" and penny games.

Mrs. E. F. Fahey, assisted by the Misses Rita Bopp, Bobbie Arceneaux and Vivian Mae Toal, were in charge of the sandwich table which served such treats as chicken-salad, ham and weiner sandwiches, and potato salad.

Mesdames Claude Monti and Sam Piazza were in charge of the ice cream booth.

Representing the St. Margaret's Daughters at the cake and miscellaneous article table were Mayor and Mrs. G. Y. Blaize, Mr. and Mrs. Thomas J. Smith and Mr. and Mrs. Gus Soniat, Mrs. Geo. Guilbault.

Radio music and loud speaker service was provided by G. Stevenson and Geo. di Benedetto.

One Person Out of Seven To Vote.

It is estimated that one person out of seven is qualified to vote in the approaching Mississippi primaries.

The State has a population slightly in excess of two millions.

On this basis, we have about 285,000 voters.

This isn't so bad when we come to consider the fact that about half of the state's population is black—and that the Negro doesn't offer to vote in Mississippi.

PATRICIA ANNE FAVRE WINNER.

Little Patricia Anne Favre, three-year-old daughter of Mr. and Mrs. Horatio Favre, Gretna, La., granddaughter of Mr. and Mrs. E. B. Richardson and Mr. and Mrs. J. W. Favre of this city was the third place winner in a baby contest held at the Immaculate Conception church fair at Marrero, La. in which there were 90 contestants.

This is quite a distinction for the young Miss who so richly deserves this recognition. She will be remembered as the dainty and lovely personality who presented the bouquet to the queen of the local May queen festival given at the Bay St. Louis city hall park—federal project.

FRIENDS SURPRISE MAYOR G. Y. BLAIZE ON BIRTHDAY OCCASION

Group of Ladies and Gentlemen Assembled Saturday Night at His Residence.

A group of close friends of Mayor G. Y. Blaize most agreeably surprised His Honor at his residence Saturday evening on the occasion of his birthday, numbering some forty or fifty.

The spacious lawn to the side of the premises, and under a wide-spreading oak, served as the scene of a fish fry, served at about 9 o'clock and on until a late hour when the guests gradually bade their good-nights and renewed their good wishes.

Ample fish had been provided and cooked on hot furnaces in deep vessels of hot frying fluid, the crisp and delicious seafood was served piping hot, with the customary trimmings and drinkables. The guests were seated semi-circle arrangement and the food served to each in plates.

Prior to that an informal reception was held in the house. The Mayor was the recipient of many useful and handsome remembrances, along with messages of cheer and good will. Deeply touched by this tribute and manifestation of the friendship which he so universally enjoys, he expressed his appreciation in few and well chosen words, thoughts that came from the bottom of his heart and with genuine sincerity.

Mrs. Blaize was assisted by a number of ladies and in arrangement and effect, as well as the spirit and purpose of the party, it was a most enjoyable and successful affair.

The Mayor had not given a thought to his birthday and in a measure had forgotten it, but a group of his friends had not.

Preparing to go out for the evening he was taken by complete surprise and for a time could hardly reconcile his very being. However, His Honor is always equal to every occasion and this was no exception.

May he see many more birthdays and continue giving the city the fine and wholesome service which the municipality and its people enjoy.

Hancock Library Recipient of Gift Of Many Rare Books

Thirty-seven books of fiction and non-fiction have been received as a gift from the Cloverhook Home for the Blind. Quite a few of these will need rebinding because of the manner in which they are transcribed into Brail, but many of them are ready for circulation. This shipment, the list of which will be published later, represent an original price of \$70.00 if purchased by the library and there is no estimate to be put upon a gift of this nature.

The library is indebted to Mr. Geo. E. Pitcher for a copy of Thompson's "King of Honey Island." Copies of this book are rare and this is a valuable gift.

Mrs. Walter J. Gex, Sr., has given the library several fine cases which were much needed and which are appreciated.

Mrs. H. Grady Perkins, president local library board, and Miss May H. Edwards had the opportunity of hearing Mrs. Pauline Dabney review Mary Borden's very new book "A Passport for a Girl" at the Pink Tea Room at Pass Christian Tuesday.

Mrs. Dabney as August reviewer. She will review Steinbeck's "Grapes of Wrath" on Wednesday morning, August 16, at the Episcopal Parish House here.

IN APPRECIATION

(A Front Page Editorial.)

IT is a newspaper's prerogative just as it is the individual's to opine for it self or to espouse the cause of any one candidate in any particular race.

However, in the race of A. G. (Red) Favre for clerk of courts, we find this hardly necessary in order to create additional sentiment in his favor or for votes.

His past record, second to none, for integrity, efficiency and proficiency, speaks for itself. And it would be superfluous to put forth the virtues he has so well exemplified in the administration and discharge of his duties as a means of crating for him additional favor with the public. This is not only recognized but accepted.

But believing in giving credit to whom credit is due it is not amiss to say, Well done, thou faithful servant.

Plaudits without compensation are all very well. But there must be a time for expression of appreciation. Even though we pay for the smallest favor and service there is always the conventional "thank you," which is no less a further expression of recognition and gratitude for something well performed.

There is no doubt, at the polls next Tuesday, Clerk A. G. Favre will be paid tribute of thanks and appreciation by not only a handsome but a tremendous majority. That will be the time and place to register public thanks. He is entitled to this even though he is paid in measure by means of compensation provided for by law as written in our books by which we live and seek the pursuit of well being.

There are always men in every community who rise above the measure of everyday life and who best serve their fellowmen. They are men who are peculiarly fitted, generously endowed and who seem to fit into the scheme of things that are mysteriously shaped by the Unseen Hand.

Fortunate is the community possessing such men and the people thus privileged. It is singularly fruitful and effective for the public good that such men are willing to serve in public life and thereby render the greatest good to the greatest number.

Men, who, at all times, are ever willing to make personal sacrifices and come to the rescue of their fellowmen.

It is the duty of The Sea Coast Echo, a newspaper that has an unsullied record of nearly 50 years, under the one and same management and that has ever stood for the most rigid code of honesty and fairness, and always for the constructive and better things for its people and their community; to point out these things lest one may forget for the moment.

Next Tuesday we may pay tribute and do justice to this fine type of citizenship and servant of the public by going to the polls and cast our ballot with a sense of appreciation and gratitude in behalf of the candidacy of A. G. (Red) Favre, candidate for re-election clerk of courts.

By so doing it will serve as a spiritual to our conscience in doing the right thing, a repayment for things which there is no adequate material price and will result in that blessedness of satisfaction the like of which there is no equal.

BIENNIAL REPORT OF HANCOCK COUNTY PUBLIC HEALTH DEPARTMENT

Dr. C. M. Shipp, Director Public Health for County Submits Report to State—Description of Hancock—Was First to Accept Co-Operative Plan With State—Interesting Figures and Data.

Dr. C. M. Shipp director public health Hancock county has completed and submitted his biennial report to the State Board of Health detailing his effort and accomplishment.

The report is informative containing data and figures that are revealing. The average person has no conception of the extensive work that is carried on in city and county under the head of public health.

Under the sub-head of Malaria Control the story of the present work carried on in the immediate vicinity will interest many, telling what was done and amount of money expended. The public will be better posted after a perusal.

This splendid report: Hancock is one of the three counties that borders on the Gulf of Mexico; has an area of 470 square miles; a population of 11,500, of this number 25 per cent are colored and the remainder white. The total assessed valuation is \$3,500,000. The soil is classed as a sandy loam, the northern part is hilly, the southern part is flat, level and low. Generally speaking, farming, truck farming, the raising of cattle and sheep occupy the attention of the people living in the rural section.

The county has about 20 miles of beach or water front and half of the population live along the shore line. This area is a health resort the year round where visitors come for vacation. There are two incorporated towns on the beach with a combined population of 5000, this number is increased by 3000 in the summer months by vacationists. The only industry of note is a factory engaged in canning sea foods. This plant employs about 400 laborers in the processing season and operates about six months in the year.

Organization
This was the first county to accept a cooperative plan for one year with the State Board of Health for the eradication of hookworm. This was in 1927. At that time few families living in the rural section used toilets of any kind and hookworm disease was permitted to spread unhindered. Until this date no one in authority knew or offered a plan for the control of this disease. The purpose of the project was to examine all the people living in the rural section and to treat those found infected with hookworm. The Board of Health had not acquired sufficient definite information to determine the type of toilet that would meet the needs of home

GERALD V. PRICE HAS FINE REPUTATION AS PUBLIC OFFICER

Extracts From Letters From Parties Away Attest To His Fine Sense of Duty And Personal Service

When a public official receives commendation and deserved recognition from the general public and especially from out-of-town sources, which means so much as in this instance, it is right that such go on record.

Gerald V. Price, constable, Beat 5, is a candidate for re-election and looking over a batch of letters we find quite a number of the most complimentary nature, which is an attestation of not only how well his duty has been performed but to the extent of winning personal appreciation and approval. When officers in the position of Constable Price makes friends for the city of Bay St. Louis and the Beat 5 it means for good and lasting advertising. We want people who visit this section to leave with good and lasting impression and when officers like Gerald Price has dealings with the public of the kind that not only shows how well he does his duty but that he is attentive and considerate it is well worthy of mention.

Below, from a number of letters we select the following extracts, which well speak for themselves. These letters are from folks who met with accident here and were in 'heap of trouble' and sorrow and it is in that time they found a willing worker and sympathetic help.

This one from Covington, La.: "Mr. G. V. Price, Bay St. Louis, Miss. Dear Sir—Words fail me in expressing to you the thanks of us all in the kindness shown our son, Richard, who was suffering from loss of memory. I am glad to report to you that Richard is doing fine now, and remembers your kindness to him at the time and the everlasting friendship of the Grant family for kindness shown. Your new friend, Robert Grant, father of Richard."

This one was addressed to The Sea Coast Echo, from L. J. Arnold, Jr., 5018 St. Charles street New Orleans: "This is to express publicly my appreciation to Mr. G. V. Price, a law enforcement officer of your city, for the very courteous and efficient service rendered me, when I met with an accident last Saturday. Mr. Price not only saw that I received immediate medical attention, carried me to a hotel, but also attended to having my car looked after. It is seldom that one encounters an officer who is so considerate and thoughtful that I hope you will publish this letter and let others in your community know of the high type of service rendered by Mr. Price."

In the course of a letter to Mr. Price Mr. Arnold, author of above letter, wrote: "I find it extremely hard to find words to thank you for the very nice way you treated me, and I only hope that some day I may be of some assistance to you."

Copy of letter, dated June 30, 1939, from R. J. Druillet, 1326 Kerlerec street, New Orleans, addressed to Commissioner of Public Safety, Jackson, Miss.: "Dear Sir—Enclosed please find report of accident which happened on your highway No. 90 on Sunday, June 25, 1939. It is filled out complete to the best of my knowledge."

"I wish to commend very highly your constable, Mr. Gerald V. Price, for his courtesy and co-operation in this incident."

Original copies of foregoing letters on file to sustain quotations. Others on hand, but this will suffice to render credit and honor to whom it is due.

DRAINAGE WORK NEARING COMPLETION.

Work on the culvert running from the rear of the colored Catholic school on Necaise avenue and thru across the Louisville & Nashville Railroad property and that of St. Stanislaus College to South Beach Blvd. near Booker street is nearing completion. This work is part of the W. P. A. mosquito eradication and malaria control project of Hancock county, and one of the major works accomplishments here.

GARDEN CLUB TO MEET.

The regular meeting of the Bay-Waveland Garden Club will take place at Hotel Reed on Tuesday morning, August 8th, at 10 o'clock. All members are urged to attend. Mrs. E. Mogabgab, secretary.

The second serious accident within a week occurred on Monday between midnight and one o'clock when two automobiles collided on the highway bridge across the Bay of St. Louis, and six persons were injured, some seriously and others suffering minor injuries, and both cars almost completely demolished.

The impact of the collision caused all tires on the cars to blow out and both cars to begin to burn, and a call for the Bay St. Louis fire engine was made. Upon arrival of the engine, the fires were extinguished and the cars towed to a local garage by wrecker, both considered hopeless wrecks.

The accident occurred when the automobile driven by Joseph Supple, of New Orleans, attempted to pass a car parked on the bridge while repairing a tire, and crashed head on into an automobile containing Mrs. W. L. Kinsey, wife of Rev. W. L. Kinsey, pastor of the Assembly of God Church of Gulfport, Mrs. L. P. Mayon and son, Lenist, Jr., Miss Adrian Krebs, Mrs. L. M. Hudson, Jr. and daughter, Norma Jean Hudson, all of Gulfport, who were returning from Westwego, La., to which place they had conveyed the Evangelist singer, Frank Moffett, to sing for services there.

All of the occupants of the Gulfport car were injured. Mrs. L. P. Mayon receiving cuts about the face and a chest injury; Stanley Mayon, a fractured left arm; Mrs. A. M. Hudson, cuts on face and injured back, and her daughter, Norma Jean Hudson, fractured skull and injured right leg; Miss Adrian Krebs, who received a scalp wound and cuts on face, was considered the most seriously injured.

All victims of the accident were rushed to King's Daughters Hospital at Bay St. Louis and treated and kept there overnight. At noon on Tuesday, they were removed to Gulfport and placed in the King's Daughters Hospital there. At Bay St. Louis, they were treated by Doctors M. J. Wolfe, C. L. Horton and W. C. Pittman and several nurses and attendants.

Joseph Supple, driver of the other car, received cuts on the face and arm and internal injuries and was removed to New Orleans on Tuesday.

This marks the second serious automobile accident occurring near Bay St. Louis, the other having occurred on Monday, July 24th on Highway 90, just a short distance from the Bay and also causing injury to six persons, one of whom subsequently died from injuries received in the accident. All persons involved in the accidents received excellent medical care and attention at our local hospital and from the local profession.

CONGRESSMEN TO RETURN HOME TO VOTE IN PRIMARY

Mississippi's Lawmakers Prepare To Leave Capital.

Mississippi's members of congress began making plans to return home to vote in the state's August 8 Democratic primary.

Senator Harrison said he would leave by train Sunday night. Senator Bilbo, planning to drive, will leave Sunday morning.

Harrison isn't openly supporting any one candidate in the gubernatorial contest, at his home, but he plans to take an active part in the campaign preceding the August 29 run-off primary.

Bilbo said he would vote for Paul Johnson for governor, but that he was contemplating no speeches in the present campaign.

All the house members said they would return to vote, but all refrained from saying whom they favored.

WALKER WOOD FOR SECRETARY OF STATE.

WALKER WOOD, the efficient and widely-known secretary of State for Mississippi, it is predicted will win in the first primary, although he has two opponents.

This is apparent from all reports over the State. Secretary Walker Wood is one of the most efficient men to ever hold the important office, a worthy successor to the lamented J. L. Power who held terms for many consecutive times and up to the time of his passing some years since.

Walker Wood is perhaps the best acquainted man in the State with matters appertaining to the wide range which his office covers. He knows its business to the very tips of his fingers, so to speak, and is conversant with not only the many things incidental to the discharge of its duties and the meeting of its requirements, but is particularly well fitted both by long experience and ability to best serve the best interest of the office and the wants and needs of the public.

There is no valid reason for a change in this office. The simple fact that someone else wishes a job is no cause for the removal of a man who administers so thoroughly and satisfactorily to its business and to the best interest of the State.

The Echo is asking no one to vote for Walker Wood. People are best judge of whom and how they should vote, but we are of the opinion that Mr. Wood will carry the entire state by a sweeping majority. There is no doubt he will carry Hancock county by a vast majority. He is well known here and his splendid work for the good of the public and the State he serves is also known to the many he services. Nothing is of too much trouble for him, his office serves willingly and promptly. All letters seeking information or service are answered the same day received at his office; all callers are cordially received and given the fullest attention.

Walker Wood has served well and fully and for the best interests of all concerned it is well that his services be retained. It will be safe to vote for Walker Wood, secretary of State, at the polls next Tuesday. No mistake will be made to place the "X" mark after the name of WALKER WOOD.

THE "CASH AND CARRY" LAW.

THE Senate of the United States may refuse to amend the neutrality laws of the nation but that does not mean that the statute now on the books makes good sense.

For example, here is nothing to prevent Americans, upon the outbreak of strife, from selling certain goods to nations at war. There is nothing to prevent American ships from transporting the merchandise into troubled and dangerous areas. The cash and carry provision of the present neutrality law, which was designed to keep Americans out of danger zones, lapsed, some weeks ago and nothing has been done to replace it.

Of course, under present law, industry in this country cannot sell arms, munitions and implements of war but there are many products, necessary in war time, that do not come under this strictly interpreted prohibition. The cash and carry provision required foreign nations to buy such products and to transport them in their own vessels. It was designed to keep American ships out of war zones and to prevent Americans from having claims against foreign nations for commerce seized by belligerents.

A GIFT TO THE NATION.

THE nation should be grateful to Samuel H. Kress for his contribution to the National Gallery of Art, founded through the generosity of the late Andrew W. Mellon.

Mr. Kress has added his collection of 375 paintings of the Italian school, together with 18 pieces of sculpture, to the fine group of masters donated by Mr. Mellon. The Kress collection has been valued at \$25,000,000 and is the first important acquisition by the gallery since it was founded.

Three of a kind—golfers, fishermen and proud parents.

If you grant an individual a favor do it graciously if you expect appreciation.

Evidently, the "Keep the Government out of business," doesn't apply to loans.

Advertise whatever you have to sell in a classified ad in The Sea Coast Echo and we won't have to argue with you about using them later.

The people who criticize the American system of Government ought to transfer their citizenship to some country where they can try a different brand.

A paper up in Clay county says that one of the county candidates recently attended a church picnic at which dinner was served in paper plates—and they tell us he ate the plate and bragged about the delicious crust under the pie.

Talking about human interest stories here's one from the West Point Leader-Times: A family in our neighborhood recently sent their small son to a camp to get rid of him for the summer, and now they are driving out to see "sonny" nearly every night. And most other parents, we suspect, would be doing the same thing.

THE CAMPAIGN AND NEXT TUESDAY.

IT is unanimously accepted the present political campaign in Mississippi coming to a close next Tuesday, August 8, as far as the first primary election is concerned, has been mild and with little or no animation as compared with other years.

There are really no great issues at stake. Governor White's splendid administration has met practically all requirements for the betterment of the State and its people. Having made good his campaign promises he has covered all phases and all issues.

There are quite a number of candidates for gubernatorial preferment. That is the race we have reference to in particular. All good men, endowed with ability and anyone no doubt will serve the State well, some, however, better than others, as is always the case.

No distinct issues, no particular platform, save personal partisan feeling, exists. The first primary will serve the purpose of singling out two men to try out conclusions at the polls.

No candidate has come forward with anything new. None has anything in particular to offer, save the usual promises of better and more things for less money.

The candidate who offers free school books and free this and free that, and with drastic reduction in taxes, knows it cannot be done. He is proffering false promises. Thinking people well know there is nothing free. The law of compensation does not work out that way. It is just not done and makes no sense.

AT home the county race has been quiet. Men in office have served well and wisely. The administrative and executive officers have achieved wonders in economic matters through period of country-wide depression. It is well known our tax rate has been constantly decreased the past few years and our county refinanced in such manner as to mean for the saving of great sums of interest by reducing the rate and extending payment of bonded obligations to a deferred time. Which of all is good and sound and consistent with thorough business and intelligent application.

In addition to this the administration has not been aloof to the march of improvement. We find, with federal aid, which funds the county has in measure matched, many improvements. We feel none can do better. Why not let our local business remain in the hands of those who have been tried and not found wanting.

Swapping horses while crossing stream is not advisable. Our people are knowing and intelligent and we feel secure in the hope and conclusion that their wishes, supreme at the polls, will be for the best—affording the greater good for the majority.

STAMPS TO HONOR AMERICANS.

Authors, artists, poets, educators, inventors—composers and scientists will be honored by the issuance of a special series of postage stamps that will carry the likeness of thirty-five Americans selected by polls of philatelic societies and from advice received from educational, business and patriotic organizations.

It is interesting to note that one of the stamps will show the likeness of Booker T. Washington, noted Negro educator, who founded a great college for his race in Alabama. The other thirty-four will include thirty-one men and three women. Here is the list of Americans to be honored by the stamps:

Authors: Ralph Waldo Emerson, Samuel L. Clemens, Washington Irving, Louisa May Alcott and James Fenimore Cooper.

Artists: James A. McNeill Whistler, Daniel Chester French, Augustus Saint-Gaudens, Gilbert Charles Stuart and Frederic Remington.

Poets: Henry W. Longfellow, James Whitcomb Riley, Walt Whitman, John Greenleaf Whittier and James Russell Lowell.

Educators: Horace Mann, Charles W. Eliot, Booker T. Washington, Frances E. Willard and Mark Hopkins.

Inventors: Alexander Graham Bell, Eli Whitney, Samuel F. B. Morse, Elias Howe and Cyrus H. McCormick.

Composers: John Philip Sousa, Edward A. McDowell, Stephen Collins Foster, Victor Herbert and Ethelbert Nevin.

Scientists: Luther Burbank, Dr. Crawford W. Long, Dr. Walter Reed, John James Audubon and Jane Addams.

Almost anybody, reading the above list, will realize that it includes notable names and that it omits others who should be equally honored. At the same time it is virtually impossible to compile any group that does not have similar defects.

As a home-made intelligence test it might be a good idea for the family circle to take up the names on the list in order to see how many of them are not within the familiar circle that should embrace the great men of the nation.

IMPORTANCE OF POLL TAX RECEIPTS.

THE Sea Coast Echo cannot lay too much stress on the importance of the voters in next Tuesday's Democratic primary to be supplied with poll tax receipt for 1937 and 1938, the latter paid and dated no later than February 1, 1939, and the former no later than February 1, 1938.

In order to be permitted to vote it will be necessary to present the two receipts. Should the voter have paid such poll tax and cannot find receipts therefor duplicates may be had by applying to the clerk's office at the courthouse.

Parties 60 and over will have to present certificate to the effect they are exempt from paying such poll tax. Failure to present such certificate will not allow the voter to cast his or her ballot. A duplicate certificate may also be had from the clerk of courts.

The second phase of importance is to secure the necessary receipts or certificate before election day. This will avoid a possible rush and long delay. To wait to the last moment will prove inconvenient and such possible delay as to make it impossible to vote before 6 o'clock that afternoon.

Attend to this today.

ED ORTTE'S STATEMENT TO PUBLIC

Tells of His Ambition to Serve People of Beat 5—Outlines Plans and Policies.

Ed P. Ortte, candidate for the office of Supervisor from Beat 5, (the Bay-Waveland beat) has issued the following statement to the public, in which he outlines his policies and plans for the betterment of the section and people therein. Mr. Ortte says he has been quite successful in business and he sees no reason why as a business man he cannot procure the same results for the public. His statement follows:

Here are important reasons why I ask you good people to vote for me August 8th as supervisor of Beat 5. Because I am certain that through my past experience I am thoroughly qualified to serve the people on the Board of Supervisors. I also believe the good people of this county would prefer an experienced, successful business man in this important position rather than one who confesses his lack of business ability in his eagerness to obtain the small salary he will receive as supervisor.

Facts protect investment—be it private or public. Here are important facts you should consider—always. As you know, the Board of Supervisors must pass on many matters and business problems. Most important involves the spending of tax monies, your money, so it is to your advantage to put on that board men of proven ability. To vote for a man for this particular office because he needs a job is the poorest reason in the world. "Nothing succeeds like success." The board should be comprised of members who can budget annual finances, making expenditures bring in the best results and, at the same time, at the lowest minimum cost. The honest and able solution of these problems depends on the integrity, business ability, and determination of the board members. Again I say the work of a supervisor is most important. The job is as big as an ambitious man will make it and as small as a disinterested, lazy, unqualified man might make it. There is no question which of these men an intelligent, progressive citizen should vote for.

"I have been successful in my personal business enterprises." And now wish to make good as an efficient public servant. Money is not everything. My success in satisfying the public will be glorifying to me. Some folks have said, "That it isn't possible for a man to just seek glory without remuneration." My friends, just elect me and I will convince you how hard a man can work, and how far one can go in his determination to serve the people. My belief is, "action speaks louder than words."

The job of supervisor is a tremendous job if properly handled and conducted. It is a phase in county affairs that can be utilized to such advantage that the people will realize great benefits. Our roads need improvements. We need short cuts, hard surfaced roads from Lakeshore, Clermont Harbor, Waveland, and Edwardsville to the Spanish Trail; we need better environment, more work, work, divided in such a way that everybody will receive some, and a few will not receive all. We need more factories to can both sea foods and vegetables. We need better recreation facilities. This could be realized by the cleaning up of rotten posts remains of the many old individual piers along the beach front—the pumping in of sand creating a beautiful white sand beach—community piers, etc. This will encourage more people to settle and move to Hancock county. At all times property owners from out of town will be protected and given deep consideration. Hancock county needs more people—more residents and more visitors. There are so many additional advantages that could be created into realization if a man with the proper knowledge, ambition, and determination is elected. His every ambition must be to serve the people. The job is certainly a mighty job, and it is up to the people on August 8th to disregard all personal feelings, the thought of re-

lationship and elect the man that is more suitable for the cause. It is true I am putting up a very strenuous campaign and I am working very hard to be elected. Let this reveal an example of an ambitious person who would give you the same ceaseless efforts in obtaining for you the many things you rightly deserve. Just as though the business of Hancock county were his own private investment.

Will you please absorb the reasons why I am asking you to elect me as a member of the Board of Supervisors. Then again I implore and thank you to continue giving me your earnest support in behalf of my candidacy and please remember, "A vote for Ortte is a vote for progress."

CCC BOYS CAN VOTE.

(Jackson Daily News)

YOUNG Mississippians qualified to vote who are enrollees in the CCC camps will have the privilege of returning to their homes to vote in the primary on August 8th and again three weeks later, if they desire to do so, thanks to the thoughtfulness of Senator Pat Harrison.

Several days ago Senator Harrison took this matter up with the Washington authorities and secured issuance of an order permitting enrollees to have a leave of absence for election day, or such portion of the day as may be necessary for the home trip. If it appears necessary the enrollees can be given an additional two-day leave, but without pay.

There are hundreds of young Mississippians in the CCC camps who recently reached voting age and they will keenly appreciate this effort on their behalf by Senator Harrison.

JAMES B. GULLY

STATE TAX COLLECTOR

FOR RE-ELECTION

MISSISSIPPI DEMOCRATS:

As State Tax Collector, I have collected Two Million, Two Hundred Seventy-seven Thousand, Four Hundred and Two Dollars (\$2,277,402.00) for the State, Counties, Municipalities and Taxing Districts, and every dollar of it has been faithfully accounted for. Most of this money was collected from Defaulting Public Officers Tax Dodgers, Slot Machine Operators and Liquor Dealers, and would have been lost to the taxpayers but for my faithful and diligent efforts.

In the discharge of the duties of the office I have always been fair to all. I ask for re-election, which is the endorsement usually accorded by the Democratic Party to a faithful public servant. I get a salary and no more.

"I am still toting my own skillet and leaving other candidates' skillets alone."

Sincerely,
JAMES B. GULLY,

State Tax Collector.

STATE OF MISSISSIPPI

COUNTY OF HANCOCK.

The Board of Supervisors, for consideration of the matter of issuing notes for the Aaron Academy Consolidated School District of Hancock County, Mississippi, in the amount of One Thousand dollars (\$1,000), pursuant to the petition of more than fifty per centum (50 per cent) of the qualified electors of said school district, and a resolution adopted by the Board of Trustees of the Aaron Academy Consolidated School District thereof, for the purpose of supplementing Federal Funds for the improvement of the school building and repairs to be made and equipment and fixtures to be purchased for the school building.

Whereas, there has been filed with this, the Board of Supervisors of Hancock County, Mississippi, a petition of the electors of the Aaron Academy Consolidated School District, said petition being signed by more than fifty per centum (50 per cent) of the qualified electors of said school district, and a resolution adopted by the Board of Trustees of said school district petitioning this Board to issue notes for said Aaron Academy Consolidated School District in the amount of One Thousand Dollars (\$1,000) to provide for the equipment of a school building in said district, such as the purchasing of furniture, or other necessary equipment thereof, the equipment being for a school building constructed and completed in said school district during the year of 1938, said construction work being a federal aid project and funds expended for the construction thereof by the Works Progress Administration or other federal agency, said project being completed within six months after the passage and approval of Chapter 46, Laws of the Extraordinary Session of the Legislature of Mississippi of 1938; and thus coming under the provisions of the said amendatory act, chapter 46, Laws of the Extraordinary Session of the Legislature of Mississippi of 1938, the said resolution being in words and figures as follows; and

Whereas, this Board has examined the signatures attached to said petition and has also examined the list of the qualified electors of said Aaron Academy Consolidated School District as shown by the official registration list of qualified electors prepared and purged by the County Board of Election Commissioners of Hancock County, Mississippi; and

Whereas, the said resolution was legally adopted by the Board of Trustees of said school district at a legally convened meeting, and that the matters and things stated in said resolution are true and do exist as herein stated, and it is necessary that said notes be issued as therein prayed for; and

Whereas, said Board of Supervisors does not find and determine that the funds to be provided, be said notes, in supplement to funds already received by said school district as granted from a federal agency, and that it is necessary that funds be provided for the purposes aforesaid and that no funds are available for such purposes, except by the issuance of notes of said school district.

STATE OF MISSISSIPPI
COUNTY OF HANCOCK.

The Board took up for consideration the matter of issuing notes for the Aaron Academy Consolidated School District of Hancock County, Mississippi, in the amount of One Thousand dollars (\$1,000), pursuant to the petition of more than fifty per centum (50 per cent) of the qualified electors of said school district, and the resolution of the Board of Trustees of said school district filed with board, to-wit:

Whereas, the Board of Supervisors of Hancock County, Mississippi, a petition of the electors of the Aaron Academy Consolidated School District, petitioning this Board to issue notes for said Aaron Academy Consolidated School District in the amount of One Thousand dollars (\$1,000) to provide funds for the equipment of a school building in said district, such as the purchasing of furniture, or other necessary equipment thereof, the equipment being for a school building constructed and completed in said school district during the year 1938, said construction work being a federal aid project and funds expended for the construction thereof by the Works Progress Administration or other federal agency, said project being completed within six months after the passage and approval of Chapter 46, Laws of the Legislature of Mississippi of 1938; and thus coming under the provisions of the said amendment, act, Chapter 46, Laws of the Extraordinary Session of the Legislature of Mississippi of 1938, the said resolution being in words and figures as follows; and

Whereas, this Board has examined the signatures attached to said petition and has also examined the list of the qualified electors of said school district as shown by the official registration list of qualified electors prepared and purged by the County Board of Election Commissioners of Hancock County, Mississippi; and

Whereas, this Board finds, from the aforesaid examination, that the persons who signed said petition and whose signatures are affixed thereto, are qualified electors of and reside in the said consolidated school district; and

Whereas, this Board does now find and determine that said petition has been duly signed by more than fifty per centum (50 per cent) of the qualified electors of the Aaron Academy Consolidated School District of Hancock County, Mississippi, and

Whereas, the said resolution was legally adopted by the Board of Trustees of said school district at a legally convened meeting, and that the matters and things stated in said resolution are true and do exist as therein stated, and it is necessary that said notes be issued as therein prayed for; and

Whereas, said Board of Supervisors does not find and determine that the funds to be provided be said notes or in supplement to funds already received by said school district from a federal agency, and that it is necessary that funds be provided for the purposes aforesaid and that no funds are available for such purposes, except by the issuance of notes of said school district.

Now, therefore, be it resolved and ordered by the Board of Supervisors of Hancock County, Mississippi, as follows:

Section 1. Both principal and interest on said notes shall be payable in lawful money of the United States of America at the office of the County Depository, in the City of Bay St. Louis, State of Mississippi. BETIE DAVIS IN "DARK VICTORY" YEAR'S BEST ROMANTIC DRAMA

Academy Award Winner
Heads Stellar Cast Including George Brent, Humphrey Bogart, And Geraldine Fitzgerald.

"Dark Victory," the Warner Bros. picture which opens at the A. & G. Theatre Sunday and Monday, presents Bettie Davis as the ill-starred heroine of one of the tenderest, one of the most poignantly beautiful romances ever unfolded upon the screen.

It is a story of great love and dauntless courage, both pitted against an implacable fate, and it offers the brilliant Miss Davis what she herself considers the greatest role of her very impressive career.

While the character portrayed by Miss Davis might still dominate the narrative even if played by a lesser actress than the matchless Bettie—so compelling is the role—the production is by no means a one-woman tour de force. It has a supporting cast that is fully equal to the task, and the brilliance of her performance serves to inspire them all to a superlative pitch of excellence.

Playing opposite the lustrous star is George Brent, and in uniting with her to bring this moving romance to the screen he has the most sympathetic role of his notable career. Another lover of Bettie's, albeit a frustrated one, is played by Humphrey Bogart, and his portrayal of an uncouth but honest and genuine Irish horsestrainer, different from anything he has done previously on the screen is fraught with interest, for it proves that he is not only an ace bad man but a superb actor.

Perhaps the most interesting personality in the cast, aside from the star, is an Irish lass named Geraldine Fitzgerald, who has the second most important feminine role even though this is her first American picture. Trained on the stage in Dublin and with some experience in English pictures, she was signed by Warner Bros. after a sensational New York stage debut last year and is regarded as destined for certain stardom.

Other members of the truly impressive cast include such players as Ronald Reagan, Henry Travers, Cora Witherspoon, Dorothy Peterson, Virginia Brissac, Charles Richman and Herbert Rawlinson. Unquestionable assurance that the talents of these players are utilized to their utmost is the fact that the production was directed by Edmund Goulding famous director of many hits, the last of which was "White Banners." Goulding is known throughout the screen world as an expert at dealing with the interplay of human relationships in films. A brilliant musical score of Max Steiner, who scored such pictures as "Green Light" and "The Life of Emile Zola" adds immeasurably to the dramatic meaning of the picture.

The screen play, which was written by Casey Robinson, was based on a stage play by George Emerson Brewer, Jr., and Bertram Bloch.

Biennial Report Of Hancock County Public Health Department

(Continued from page one)

enoids. In the last two years 5242 children have been examined in the schools. It is always necessary to visit the schools and reexamine or inspect school children for various ills and complaints. 1933 are included in this group. In the summer months when the schools are closed some time can be devoted to the examination of babies and pre-school children. 189 babies and 127 pre-school children have been given a physical examination. The services offered to maternity cases met with cooperation by the patients and by the doctors. 211 examinations were made. Three pathological cases were detected and sent to the family physician. This part of the health program is in cooperation with the local hospital where the number of charity cases has increased, due to these periodic examinations. Number of deliveries in the hospital 153.

Vaccinations

There is no opposition to the routine vaccination of school children for small pox. The parents cooperate when they are given notice that their child will be vaccinated on a certain date. This is done to give the parents the opportunity to register a protest and to avoid arguments later. The mother resents the liberty taken by the health officer if he makes her child sick when she has not been permitted to tell him to do it. All school children that cannot present a scar of successful vaccination are vaccinated for small pox. 243 have been vaccinated. Children that are attending school are not vaccinated for diphtheria only babies or pre-school children are accepted. This is done to avoid the dangerous delay in protecting the

young. 218 were vaccinated for diphtheria. In the control of rabies we have not met with success. 36 patients were given Pasteur treatments. Typhoid infections are rare, no cases in the last five years. 99 people, most of whom, were boy scouts, girl scouts and C. M. T. C. were vaccinated for typhoid. In the control of tuberculosis all cases and contacts that could be located were given an x-ray and a physical examination two years ago. In the last two years we have been able to find 33 for chest clinic examinations.

Sanitation

The sanitary project of the WPA has been a success in the county. This is due to the permanent type of toilet that was built and the cooperation of the people. The project was responsible for the construction of 699 toilets. Most of these toilets were built in the rural section where mild hookworm infection is prevalent. 187 cases of hookworm have been treated. At homes on the beach front septic tanks and cess pools are required. No open houses drain is permitted to flow into the coastal waters. 81 septic tanks and cess pools have been installed.

Adult Health

In the office it is difficult to avoid the examination of charity patients and others and these cases detain the health officer from routine duties. In a county where 11,500 people live and for medical attention depend on the services of three active physicians, (four inactive) naturally there are many charity cases. The health officer cannot escape the responsibility of advising and directing many of these cases to the doctors. In not a single instance have they delayed or refused to examine or to visit a case when requested to do so by the health officer. It is required of the health officer that he certify to the eligibility of all cases in need of hospitalization, to sign the application and to keep the records on these cases. 199 such cases have been sent to the hospitals. Charity cases examined the office and found to be in need of medical attention and sent to the family physician 203. The local office of the W. P. A. requires a medical examination and a certificate on all employees 65 years of age or older, cases of arthritis, hernia, hypertension or other debilities are rejected. In this group are included the C. M. T. C.-boy scouts, C. C. C. and others.

Total examined 396. The sanitary regulations requires the physical examination of all employees working in processing plants and other rural food handlers. Total examined 529. Some of the charity cases are sent to the office by the local physicians, others come voluntarily, and the school lunch room employees are required to submit to blood tests. Total Wassermanns 231. The health officer is responsible for the distribution of treatments for charity cases of syphilis that are treated by the family physician. 41 cases are now under treatment. Cases of venereal disease examined and sent to the local physicians 56.

Malaria Control

In 1933 the Federal Government acting through the department of Entomology engaged in a drainage plan that affected the entire coastal area of the county. Several hundred men were taken from the relief rolls and used as laborers on these projects. This work was not limited to malaria mosquito control
